

## CAPABILITES

Stores each **employee's information** in one place

Incorporates **additional information**: profile, education level, bank details...

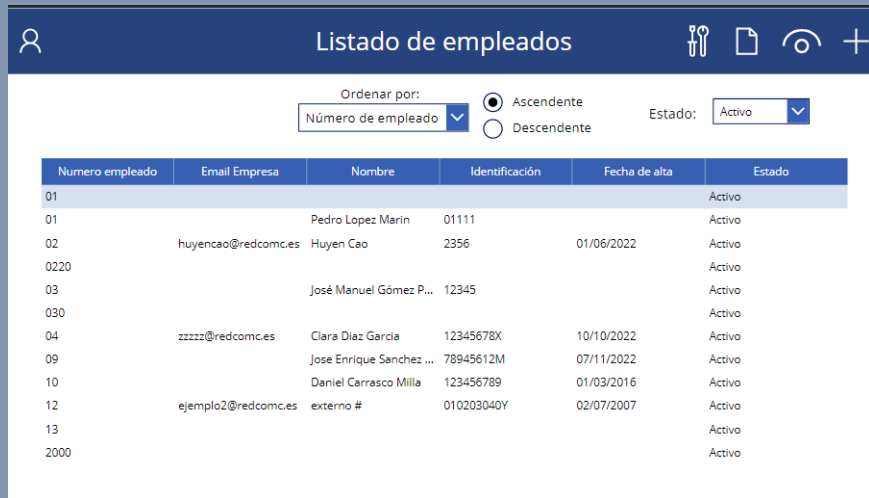

Manage **employees** and **applicants** on the same platform

Integrated with Microsoft Power Platform and Dynamics 365

## Personnel management application

The screenshot shows a web application interface titled 'Listado de empleados'. It features a search icon, a document icon, a refresh icon, and a plus sign in the top right corner. Below the title bar, there are controls for sorting: 'Ordenar por:' with a dropdown menu set to 'Número de empleado', and radio buttons for 'Ascendente' (selected) and 'Descendente'. To the right, there is a 'Estado:' dropdown menu set to 'Activo'. The main content is a table with the following columns: 'Numero empleado', 'Email Empresa', 'Nombre', 'Identificación', 'Fecha de alta', and 'Estado'. The table contains 13 rows of employee data.

Numero empleado	Email Empresa	Nombre	Identificación	Fecha de alta	Estado
01		Pedro Lopez Marin	01111		Activo
02	huyencao@redcom.es	Huyen Cao	2356	01/06/2022	Activo
0220					Activo
03		José Manuel Gómez P...	12345		Activo
030					Activo
04	zzzzz@redcom.es	Clara Diaz Garcia	12345678X	10/10/2022	Activo
09		Jose Enrique Sanchez ...	78945612M	07/11/2022	Activo
10		Daniel Carrasco Milla	123456789	01/03/2016	Activo
12	ejemplo2@redcom.es	externo #	010203040Y	02/07/2007	Activo
13					Activo
2000					Activo
